From all of us . . .
Thank You!

Thanks to your generous support, in 2017:

- We performed 13,557 surgeries: 8,493 cats and 5,064 dogs! Those surgeries prevented hundreds of thousands of unwanted kittens and puppies from being born and surrendered to shelters.
- Over **76%** of those surgeries were subsidized in whole or in part. That clearly shows how much residents in our community need your generous support to help their cats and dogs!
- We gave 2,671 free microchips to dogs. Now, if these dogs get lost, they will be returned to their owners rather than entering the shelter system.

As a result of these accomplishments, most county shelters in our service area have, or are very close to, attaining a 90% save rate - the definition of a no-kill community!

In 2018, we will continue to perform as many spay/neuter surgeries as we can, subsidizing as many as we can, to help people keep their pets and to help shelters keep and maintain a 90% or greater save rate.

We could not have done it without your support, so **THANK YOU!!!**

Because we could offer free cat surgery for strays, a stray pregnant mom cat was saved and she and her kittens got surgery and a home!

Because of our free pit bull surgery special, this beautiful, abandoned stray got surgery and a home!

We offer FREE surgery and vaccines to community cats, enabling them to live a healthier life and preventing litters of kittens from being taken to shelters.
